Count Was Postponed

ORGANIZATIONS WORK FOR FIFTY THOUSAND VOTE BLOCK

Ballot Coupons Cast Any Time Between May 11th and May 27th Count for Both Mercantile Orders and Bulletin Travel Trips.

Owing to the fact that the active candidates who are working for the May prizes are holding their votes in reserve instead of casting them, the regular counts this week have been postponed until Saturday.

"Oh, Just Waiting."
Repeatedly, yesterday candidates would come in with a good long list of subscriptions, turn them in and walk out with the coupons. When questioned why they did not cast some they would give the elusive reply, "Oh, let the other fellow do the voting this time." One of them explained that he did not want just a complimentary statement that he cast enough votes to qualify for the prizes, if it had been the decisive count that will tell who really does get the mercantile orders.

Count Saturday.

The spirit is right but whether this is good judgment the contest man is in doubt. But nevertheless if the candidates want to work without a count of votes until the final decisive one, why all right. Their wishes will be followed with the exception that one more count will be made before the final one and that on next Saturday.

Showing Brings Scattering Votes.
Personally, the contest man thinks that every time a candidate puts in from ten to twenty thousand that he reaps a scattering ballot, of from two to five thousand. Action, change in standing, or in fact anything that indicates life in your contest campaign reaps results and for just that reason the Bulletin has had frequent counts. But if everyone of you wants to squeeze onto your votes until May 27th, why as said before "alright."

Tip for Low Ones.
Some of you way down the line people just take this tip: Before next Saturday send in every vote you have and make some of those confident chaps up near the New York city travel point wake up to the fact that there are others besides themselves. Do it, and the very next time you start down town people will be hounding you subscriptions. They will like to boost you if for no other reason than that you show yourself a worker.

Pleasure in Work.
The willing worker very soon has others working for him in every life occupation; contest work is only one more feature of the interesting thing about life, and that—your work. It is a poor old lonesome world for the drones; it is the workers that get the real pleasure out of living; and it is the contest workers that will eventually gather in the transportation orders for the Bulletin's summer trip.

Are Working All Right.
There is no need to tell any of the organization people to get busy. That fifty thousand vote offer injected more life into the photo contest than could the offer of another piano. "Fifty thousand votes for five subscriptions" they shouted when they saw the offer. Well, confidentially there is going to be a number of these big ballot blocks issued in your organization going to get enough to keep up with the leaders? Better—oh, well, what's the use of saying discouraging, pessimistic things when all one has to do is to call on five members of your organization, get their subscriptions for the Bulletin, and then get fifty thousand votes.

Nominations at any Time.
The nomination coupon will not be

run daily any longer but this does not mean that nominations can not still be sent in. Nominations of organization or trip candidates can be made at any time during the contest. From time to time the nomination coupon will appear in the paper, but if it does not appear at the time when you want the blank, write out the name, address, and occupation on a piece of paper and send to us; it will count for the 5000 nominating votes as if on a regular coupon.

Names of candidates when first nominated will be printed for one time and then not again until they receive votes at some count.

Subscribers sending in payments to the Bulletin must always mention the name of the individual trip contestant and the organization contestant, they wish to vote for, as all ballots are filled out before leaving office. You can hold back the ballots as long as you wish. Always state whether you want the votes cast or returned to you.

Every subscription payment made on or since March 28th entitles the payer to votes for a trip contestant. Every payment made on or since April 27th entitles the payer to votes for both a trip contestant and an organization contestant. Present receipts and votes will be issued.

Remember you get two sets of votes if you pay or have paid your subscription since April 27th; one for a trip candidate, and another for an organization candidate. An equal number of votes as given in the standing vote schedule are issued for both.

Keep your paper coupons for trip and organization candidates separate and do not roll the votes. Send them in, in envelopes with the name of the candidate and the number of votes they contain written on the front. This will help to make counts accurate and prompt, and permit you to estimate what correct total should be in advance.

How Votes Are Issued.
Every copy of the Bulletin will contain a coupon, which, when properly filled out, will entitle the holder to votes of the number specified. Votes are also issued on paid subscriptions to the Evening Bulletin in proportion to the length of time such subscriptions are paid in accordance with the schedule appearing below.

News comes from Wailuku, Maui, that the Circuit Court there convened yesterday morning at 10 o'clock for the purpose of considering a tribute to the memory of the late Judge A. N.
